

## **Success Story**

### **My Story: Claudia Scuteri**

I have always been a stay at home mum looking after and caring for family and friends.

When my husband was made redundant from the corporate world we were looking for another way to supplement our super, this is when we were introduced to ACN and getting paid on the bills that we just can't live without made perfect sense.

I am so excited that by following the simple ACN system I am now an executive with over 100 personal customers and over 600 in my organisation.

Just imagine a stay at home mum with limited education and no business experience at all now an Executive with my own global business.
